Dartmouth Health

Center for Rural Health Care Delivery Science
A Center of Biomedical Research Excellence (COBRE) program
Supported by NIH/NIGMS P20 GM148278

CITE US!

ACKNOWLEDGEMENT of NIH FUNDING IS A REQUIREMENT

The Dartmouth Health Center for Rural Health Care Delivery Science is a Center of Biomedical Research Excellence (COBRE) program funded by the National Institute of General Medical Sciences (NIGMS). NIGMS requires that we acknowledge COBRE support in books, articles, abstracts and presentations that have resulted directly from the award including the use of Research Cores. Additionally, the Steven's Amendment requires recipients of NIH funding to state (1) the percentage and dollar amount of the total program or project costs financed with Federal money and (2) the dollar amount of the total costs financed by non-governmental sources.

PUBLIC ACCESS IS A REQUIREMENT

In addition, the NIH requires that all journal articles resulting from the award funding be made freely available in PubMed Central (PMC) and linked to the award.

HOW DO I CITE THE COBRE AND COMPLY WITH NIH PUBLIC ACCESS POLICY?

1. Acknowledge support in each publication on which you are an author using the applicable statement below:

   "Research reported in this publication was supported by the National Institute of General Medical Sciences of the National Institutes of Health under Award Number P20GM148278, as part of an award totaling $9,258,038, with 20% financed from non-federal sources. The content is solely the responsibility of the authors and does not necessarily represent the official views of the National Institutes of Health."

2. Submit the manuscript to the NIHMS immediately upon acceptance for inclusion in PubMed Central.

3. Link the publication from PubMed to NIH grant *P20GM148278.* See PubMed Center Guidance for Authors for details.

Authors should cite the Dartmouth Health Center for Rural Health Care Delivery Science in publications under the following circumstances:

- The work is directly related to a COBRE-funded research project.
- The work is directly supported by COBRE-funded resources, including Core resources and personnel
