

Departmental Policy Title:	Shared Educational Resources Policy - Pain Medicine Program - GME	Policy ID:	14898
Keywords	shared, resources, pain		
Department	Graduate Medical Education (GME)		

I. Purpose of Policy

The purpose of this policy is to delineate how the Graduate Medical Education Committee (GMEC) oversees the educational resources committed to the Pain Medicine fellowship program and ensures the cooperation of all the involved disciplines.

II. Policy Scope

This policy applies to the Designated Institutional Official (DIO) and GMEC at Dartmouth Hitchcock (DH).

III. Definitions

- **Designated Institutional Official (DIO):** The individual in a sponsoring institution who has the authority and responsibility for all of the Accreditation for Graduate Medical Education (ACGME)-accredited Graduate Medical Education programs.

IV. Policy Statement

- The Pain Medicine fellowship is a multidisciplinary training program that accepts applicants who have completed residency training in anesthesiology, neurology, physical medicine and rehabilitation, or psychiatry.
- The Program Multidisciplinary Committee for Pain Medicine, which includes representatives from all involved disciplines, provides program-level oversight of the collaborative training effort.
- The GMEC is ultimately responsible for ensuring cooperation amongst the disciplines involved in the training program, including oversight of the Program Multidisciplinary Committee.
